**COAL EXPLORATION RECLAMATION BOND
FOR USE WITH CHECK FOR DEPOSIT IN STATE TREASURY**

34-33-101 et seq., C.R.S. 1973, as amended

Notice of Intent No. _____

Bond No.: _____

KNOW ALL MEN BY THESE PRESENTS, That _____

of the County of _____ in the State of _____, as Principal
(hereinafter "Principal" whether one or more Principals), is held hereby and firmly bound unto the
State of Colorado ("the State") and in the sum of

_____ DOLLARS
(\$ _____) for payment of which sum, well and truly to be made, the Principal
hereby binds itself and its successors and assigns firmly by these presents.

Principal has provided Check No. _____, dated _____, drawn
from the Bank of _____, State of _____, ("the Bank"), payable
to the State of Colorado Mined Land Reclamation Board in the amount of _____
_____ Dollars (\$ _____) and has delivered it to
the State, to be held by the State as Surety ("the Surety") for the faithful performance by the
Principal of the Principal's obligations to the State evidenced by this bond. The Bank is not a part
to this agreement; its obligations are set forth in its cashier's check. Nothing in this instrument
diminishes or qualifies the Bank's obligations under its cashier's check.

WHEREAS, the Principal has filed a complete Notice of Intent to Explore on certain lands
in _____ County, Colorado which are described in Exhibit A, attached hereto.

WHEREAS, Principal has agreed with the State to complete a specified plan for
reclamation, as required by law, of the area or areas of lands disturbed by reason of exploration
operations. Such plan may be amended from time to time with the approval of the State, acting
through the Department of Natural Resources, Division of Reclamation, Mining and Safety ("the
Division") or the Mined Land Reclamation Board ("the Board").

The phrase "Board or Division" in this bond means that organ of the State government
which has the authority to act in the circumstance referred to, and recognizes that the Mined Land
Reclamation Act and the Colorado Surface Coal Mining Reclamation Act confer distinctive and
sometimes different responsibilities upon the Board and the Division.

NOW, THEREFORE, the conditions of this obligation are such that if the above-bonded

Principal shall, in conducting such exploration operations, faithfully perform the requirements of the narrative description or exploration and reclamation plan, as applicable and as amended from time to time, the conditions of the Notice of Intent for such operations and all applicable provisions of law including the regulations adopted pursuant to applicable statutes, and if the Board or the Division shall make a finding that the lands upon which such operations have been conducted have been satisfactorily reclaimed, and if the Board or the Division shall receive a request for a bond release on such lands or a request for partial release as to any portion thereof, then this obligation shall be exonerated and discharged and become null and void to the extent released in writing by the Board or the Division; otherwise, to remain in full force and effect.

ADDITIONAL PROVISIONS

(1) The amount of this bond is based upon estimates as to the cost of reclamation, and does not operate as a limit upon or otherwise restrict, the Principal's obligations to complete the reclamation plan and to comply in all respects with the Notice of Intent to Explore and with applicable laws and regulations governing reclamation, even though the actual cost thereof may substantially exceed the amount of this bond.

(2) This bond shall be reviewed by the Board or the Division from time to time, and the Board or the Division may require an increase in the principal sum of this bond (and a corresponding increase in the surety amount) to cover increases in the costs of reclamation.

(3) The description of lands above set forth is for convenience of reference only, and no error in such description nor any revision of the permitted mining area, nor the disturbance by the Principal of lands outside of the permitted mining area shall alter or diminish the Principal's obligation hereunder which shall extend to the reclamation of all such lands disturbed.

(4) The obligation of the Principal shall continue until released in writing by the State in accordance with the applicable laws specifying bond release procedures. The parties understand that periods of years may necessarily be required before determination can be made that reclamation work has been satisfactorily completed. No revision, extension or renewal of the Operator's Notice of Intent to Explore or of the time allowed the Operator to complete reclamation shall diminish the Principal's obligation under this cash reclamation bond.

(5) The State may withdraw the funds deposited in the state treasury held hereunder if the Board or the Division determines that reclamation which ought to have been performed by the Principal, or its successors or assigns, remains unperformed. No other condition precedent need be fulfilled to entitle the State to receive the funds deposited in the state treasury. However, if upon completion of such reclamation, the amounts expended for reclamation shall be less than the funds received from the state treasury, the excess shall be promptly refunded to the Principal.

(6) Principal may, from time to time, withdraw the funds deposited in the state treasury, which is Surety hereunder, if and to the extent that a substitute reclamation bond is simultaneously deposited as Surety hereunder in the same amount as the cash funds withdrawn.

(7) If this bond applies to lands under the jurisdiction of the State Board of Land Commissioners ("Land Board"), and if this bond, in whole or in part, is accepted by the Land Board as the bond required under its applicable law and procedures, then, the Principal and the Surety having requested that the State accept this single bond in lieu of the separate bonds which would otherwise be required by the Colorado Mined Land Reclamation Board or Division and by the Land Board, hereby agree that, notwithstanding any other provision hereof, or of law, this bond shall remain in full force and effect until released by the Land Board.

(8) This agreement may be executed in multiple copies, each of which shall be treated as an original, but together they constitute only one agreement, the validity and interpretation of which shall be governed by the laws of Colorado.

(9) The provisions hereof shall bind and inure to the benefit of the parties hereto and their successors and assigns.
